### **HSLC Group Purchasing Program Vendor: AMG Technology**

AMG TECHNOLOGY is a leading provider of technology solutions in the USA. Our goal is to help our customers achieve their goals by providing them with the technology advice and products they need - when they need them.

#### **Mission Statements**

Our mission is 100% Customer Satisfaction, with an emphasis on:

- Providing innovative, quality, on-time products and services.
- Strong technical and problem solving ability; working with our customers to ensure that the most practical, innovative and cost-effective solutions are achieved.
- The development of positive relationships with all customers through a professional attitude of courtesy and integrity.

#### **Quality**

AMG Technology was founded on the principle of quality. We therefore seek to provide quality in every aspect of our business. We represent quality products that impress and are easy to use and understand. We regard quality as a commitment.

#### **Services**

To build a good business relationship with customers, AMG Technology always follows a Customer Focus Strategy in which CUSTOMER SATISFACTION is always the first priority. AMG Technology stresses "RELIABLE" AND "PROFESSIONAL" services throughout its marketing activities. The company believes that the main factor to win customers' trust and confidence is the company itself. This philosophy has led AMG Technology to provide customers with in-depth support including help with new products and updated techniques and on-time delivery.

**AMG Technology is the authorized reseller of Mustek products in the US and Canada. We are delighted to offer discounts on the following products for Access PA Members**
